

Lubricants Application Cross Reference Between Castrol & BP and ArChine

Edition:2017-05-03

CAUTION

COMPETITIVE PRODUCTS COMPARISON

This Lubricants Application Cross Reference Between Castrol & BP and ArChine Guide deals with approximate competitive products' comparisons and is not intended to be the primary source for making lubricant recommendations.

It is important to know the actual application and the correct ArChine product for that application to make the proper recommendation.

If there is a question about the proper lubricant to be used in a specific application, you should contact ArChine's technical staff to avoid costly mistakes caused by improper lubrication. ArChine specializes in Industrial Synthetic Lubricants, Specialty Lubricants & Grease and food grade Lubricants & Greases and that is the basis for publishing this guide

Please note that these comparisons are only approximate since no two products are formulated identically, and these comparisons are based on our judgement of the usage and description of the product as printed in competitive product data sheets, MSDS(Material Safety Data Sheets) and marketing-oriented literature. Also we may offer two alternatives depending on the actual application.

Cross Reference between Castrol & BP and ArChine		
ID	Castrol	ArChine
1	Castrol Aircol PD 32	ArChine Semicomp ACL 32
2	Castrol Aircol PD 46	ArChine Semicomp ACL 46
3	Castrol Aircol PD 68	ArChine Semicomp ACL 68
4	Castrol Aircol PD 100	ArChine Semicomp ACL 100
5	Castrol Aircol PD 150	ArChine Semicomp ACL 150
6	Castrol Aircol MR 32	ArChine Semicomp ACL 32
7	Castrol Aircol MR 46	ArChine Semicomp ACL 46
8	Castrol Aircol MR 68	ArChine Semicomp ACL 68
