

**ArChine Bearing Oil HP 100****Oil film bearing oil****Product:**

ArChine Bearing Oil HP 100, a kind of high oil film bearing oil. It's made by using high-quality refined base oil, adding extreme pressure, antiwear, antioxidant, rust and other additives, for large, high-performance rolling mill bearings lubricated bearings oil.

**Performance:**

Good resistance to foaming;

Good anti-rust and anti-corrosion properties;

Good oxidation resistance and lubricity, low evaporation loss;

Good high temperature performance, small torque in low temperature, and low pour point;

Good film carrying capacity and extreme pressure anti-wear properties in gear system, and it has anti-shear properties.

**Application:**

Applied for the large rolling mill oil film bearings and other bearing circulating systems.

As a variety of non-twisted wire mill oil film bearing oil in bearings and gear, and lubrication for overloading the circulatory system of industrial bearings.

**Typical Technical:**

Appearance	Yellow
Viscosity @ 40°C, cSt	100
Copper Strip Test (Copper, 100°C, 3h)	1a
Pour Point, °C	-24
