

ArChine SynChain POE 15**Synthetic high performance inside bearing lubricant****Product Description**

ArChine SynChain POE 15 is formulated from a high quality synthetic POE base stock and additive system. This product can be used in chains lubricating and internal bearings lubricating. Compared with other traditional oils, ArChine SynChain POE 15 provides a wider operating temperature and performances better. Friction can be reduced to the minimum on the bearing lubrication. ArChine SynChain POE 15 provides the following benefits:

- Excellent high temperature oxidation and thermal stability
- Extremely low volatility
- Superior antiwear properties
- Wide operating temperature
- Excellent creep properties
- Biodegradable

Applications

- For bearings lubricating inside the high load chain
- For chains lubricating in the low-temperature environment
- Used as the lubrications for rope system

Typical Properties

Items	ArChine SynChain POE 15
Appearance	light yellow, clear liquid
Density, 20°C g/cm ³	0.925
Kinematic Viscosity / 40°C, mm ² /s	15.2
Kinematic Viscosity / 100°C, mm ² /s	3.88
Viscosity Index	157
Flash Point, °C (COC)	216
Pour Point, °C	<-50
Copper corrosion, 3h/100°C	1b

These technical data are based on average test results. Minor deviations may occur
