

**ArChine Ferrocut SC 10****HIGH PERFORMANCE NEAT CUTTING OIL****Description**

ArChine Ferrocut SC 10 is a high performance neat cutting oil. This product contains active sulphur.

**Application**

ArChine Ferrocut SC 10 is designed for severe general machining, broaching and gear manufacturing of ferrous and steel, casting iron metals.

**Advantages**

Low oil mist and foam characteristics, even at high pressures and flow rates, leads to a reduction in oil consumption and increased production rates

Excellent flushing and lubrication properties extend grinding wheels life and enable high surface finish and dimensional accuracy

Low viscosity and excellent wetting properties reduces drag out and results in lower product usage

Good filtering characteristics and high oxidation stability increases product lifetime

Multi-metal machining using our superior additive technology provides opportunity for product consolidation

**TYPICAL PROPERTIES**

	ArChine Ferrocut SC 10
Viscosity: cSt.@40°C	10

**Distributor Wanted**
