

ArChine Ferrocut SC 20

HIGH PERFORMANCE NEAT CUTTING OIL

Description

ArChine Ferrocut SC 20 is a high performance neat cutting oil. This product contains active sulphur.

Application

ArChine Ferrocut SC 20 is designed for severe general machining, broaching and gear manufacturing of ferrous and steel, casting iron metals.

Advantages

Low oil mist and foam characteristics, even at high pressures and flow rates, leads to a reduction in oil consumption and increased production rates.

Excellent flushing and lubrication properties extend grinding wheels life and enable high surface finish and dimensional accuracy.

Low viscosity and excellent wetting properties reduces drag out and results in lower product usage.

Good filtering characteristics and high oxidation stability increases product lifetime.

Multi-metal machining using our superior additive technology provides opportunity for product consolidation.

TYPICAL PROPERTIES

Item	Result
Appearance	Yellow transparency liquid
Density (20℃) g/cm ³	0.898
Viscosity 40℃ mm ² /s	12.3
Copper corrosion test 100℃, 1h	Four
Flash point / °C	162℃
