

ArChine Refritech QPE 220 (POE 220)

ArChine Refritech QPE 220 (POE 220) is designed for standard factory fill of air conditioning and industrial refrigeration equipment, as well as for OEM retrofitting operations. It provides improved properties over conventional mineral oils in all aspects, including viscosity index, flash and fire points, and pour point.

Through this effort, we've been able to identify lubricants that meet a compressor's specific requirements and needs.
