

CP-9000-220

Custom Blended Oil

PRODUCT DESCRIPTION

CP-9000 series products are custom blended highly refined base fluids with additives to produce a premium, extended life, rust and oxidation-inhibited lubricant. They are formulated to give good demulsibility and antifoam properties. CP-9000 series products also have excellent lubricity and antiwear characteristics.

APPLICATIONS

CP-9000 series products are premium lubricants formulated for oil circulating systems such as rotary screw air compressors and hydraulic applications requiring antiwear. The conventional mineral oils commonly used in rotary screw air compressors.

TYPICAL PROPERTIES*	CP-9000-220
Viscosity@40°C, cSt, ASTM D445	202
Viscosity@100°C, cSt,	21.8
Viscosity@100°F	1061
Viscosity@210°F	109
Viscosity Index ASTM D2270	129
