## Multi-purpose, waterbased cleaning concentrate

Slightly alkaline - biodegradable - non-combustible - physiologically in general recognized as safe - pleasant odour

- RIVOLTA B.W.R. 210** removes all kinds of grease, oil, soot and other contamination from metal, glass, plastic and lacquered items etc.
- RIVOLTA B.W.R. 210** is used by the industry, craftman's shops, workshops, power plants, fleets, purification plants, steel mills, motor vehicle pools and other public areas.
- RIVOLTA B.W.R. 210** can be mixed with water in any ratio and therefore it is very economic. The ratio of mixture for the use of B.W.R. 210 depends on the cleaning procedure, the temperature, and the grade of contamination.
- RIVOLTA B.W.R. 210** can be used up to 100°C while using rinsing, plunging and spraying processes and is suitable for steam jet cleaners, hot-water high pressure appliances and in ultrasonic applications.

Colour: yellow

Odour: mild, pleasant

Technical data	Unit of measurement	Norm	B.W.R. 210
Density (20 °C)	g/ml	DIN 51757	1.092
pH value (1% solution)	-	-	7.5

**Material-attack:** RIVOLTA B.W.R. 210 is not aggressive to the items and materials that shall be cleaned.  
Mixture ratios for the treatment of aluminium: max. 5% (1:20) (cold application) resp. max. 2% (1:50) (warm application)  
Concentrations for the treatment of zinc or zinc-coated surfaces (only cold-application): max. 2% (1:50)

**Examples of mixture ratios:**

machines:	1: 5 - 1: 40
rough surfaces, floors, concrete:	1: 5 - 1: 10
lacquered items:	1: 10 - 1: 50
glass:	1:100 - 1:150
vehicles, car cleaning:	1:100 - 1:200
degreasing of metal, handwashing:	1: 4 - 1: 20
degreasing of metal, immersion:	3% - 5% at 50°-70°C

**RIVOLTA B.W.R. 210** for strong contamination (e.g. floors in service stations) it can be used in concentrated form. After cleaning shiny metal items will not show any sign of corrosion caused by the product.

**RIVOLTA B.W.R. 210** is despite of its alkaline reaction not caustic at the skin. After prolonged contact we recommend to use an oil based protective skin ointment.
